GStahn

PROFESSIONAL SUMMARY

- Data Analyst and Economist with 6+ years of experience turning large datasets (8M+ records) into actionable insights through statistical modelling, dashboards, and data storytelling.
- Skilled in developing and optimising data pipelines and ensuring data quality.
- Strong communicator and collaborator with experience presenting analyses to audiences of up to 200 people and working across diverse teams.
- Passionate about the intersection of data and creativity, with a keen interest in applying analytics to the music and entertainment industry.

EXPERIENCE

Economist

MLU Halle - Chair of Empirical Microeconomics

May 2019 – Present

Halle (Saale)

- Designed and managed data pipelines (R, Python) for ingesting, cleaning, analysing, and visualising large-scale datasets (8M+ observations).
- Performed deep-dive analyses on policy and behavioural datasets, applying regression, synthetic control, and forecasting techniques.
- Communicated insights to both technical and non-technical audiences, translating complex findings into relevant outcomes.
- Coordinated cross-functional teams and organised large-scale events, leading a team of 14 staff for a 400+ participant conference.

Graduate Research Assistant

MLU Halle - Chair of Econometrics

Oct. 2017 – Aug. 2018

Halle (Saale)

- Performed data modelling and statistical analyses on multi-level and panel datasets.
- Produced data visualisations to support reports and presentations.

Student Research Assistant

MLU Halle - Chair of Microeconomics

Jun. 2015 – Apr. 2019

Halle (Saale)

- Prepared presentations and slides (e.g., PowerPoint updates for courses)
- Supported teaching (Health Economics, Microeconomics II, Public Economics)

EDUCATION

Ph.D. in Economics

Martin Luther University Halle-Wittenberg

Dec 2021 – June 2025

Thesis title: "Critical Events as Drivers of Infectious Diseases: Synthetic Control Analyses of Elections and Natural Disasters"

M.Sc. in Empirical Economics

Martin Luther University Halle-Wittenberg

Oct 2016 – May 2019

Semester abroad

University of Amsterdam, The Netherlands

Sep 2018 – Feb 2019

B.Sc. in Economics

Martin Luther University Halle-Wittenberg

Oct 2012 – Sep 2016

PROJECTS

Quality-of-Life Index Dashboard

on [GitHub](#)

- Built an interactive R application ranking German districts by a composite quality-of-life index.
- Integrated 40+ socioeconomic and environmental indicators into a single benchmarking framework.
- Automated report generation and developed clear data visualisations (ggplot2, tidyverse) for decision-making.

Team Management Application

on [GitHub](#)

- Developed a Shiny app for dynamic team assignment and scheduling.
- Included features for Excel export, drag-and-drop reorganisation, and persistent team tracking.
- Applied in multiple contexts including sports, classroom group assignments, and experimental study design.

PRESENTATIONS (A SELECTION)

Epidemics at the Polls? The Role of Election Dates in the Spread of Respiratory Tract Infections

17th dggö Annual Conference

📅 Mar 25, 2025

📍 Paderborn

- Presented research on the role of supra-regional elections as potential drivers of respiratory disease transmission due to increased social interaction and crowding
- Introduced a methodological approach using the Synthetic Control Method to evaluate the epidemiological impact of state elections in the German federal states of Bavaria, Hesse, and Thuringia.

A new type of superspreader event? The flood disaster and the spread of COVID-19 in Western Germany

14th dggö Annual Conference

📅 Mar 29, 2022

📍 Hamburg

- Presented research examining how natural disasters can act as catalysts for the spread of respiratory diseases such as COVID-19

The toll of voting in a pandemic? Regional elections and the spread of COVID-19 in Bavaria

2021 Annual Conference of the Verein für Socialpolitik

📅 Sep 28, 2021

📍 Online

- Presented research investigating the role of municipal elections in Bavaria as potential contributors to the spread of COVID-19

OTHER ACTIVITIES

SC 261 Halle (Saale) e.V. (indoor volleyball club)

- Participation in weekly trainings and games
- Created an R Shiny application to streamline player management and ensure balanced team assignments, enhancing training session quality

Kixx'n'Trixx Table Football Halle e.V. (table soccer club)

- Active participant in local and supra-regional table football competitions
- Chairperson (Sep 2019 – Jan 2025)
 - Revitalized the club post-COVID by securing a new venue and increasing membership by 44%
- Planned and organized multiple local and supra-regional tournaments

Akademischer Börsenkreis, Universität Halle e.V. (students stock market club)

- Active participant in biweekly meetups to discuss investment opportunities and current state of the global stock markets
- Chairperson (Jun 2015 – Jun 2016)
 - Represented the association at public events and trade fairs
 - Led regular member meetups and networking sessions
 - Co-organized events such as the "Stock Market License" (Börsenführerschein) seminar series and guest lectures by external speakers
- Designed marketing materials including flyer and T-shirts to promote the club
